

The Consuta Trust

Objects

"The advancement of education in the history of steam launches by preservation, maintenance, and exhibition of the steam launch Consuta".

Consuta approaching Henley Bridge, November 2001

Consuta was restored to working condition during 2001, concluding with successful steam trials in the late Autumn, Consuta is now fully operational.

The Trust have over 100 supporters who have either given donations and/or provide voluntary work effort. By displaying Consuta at various River Thames Regattas, the Trustees are hoping to raise sufficient funds to cover the annual running costs; such as insurance, license fees, fuel costs, moorings, and maintenance.

The Trustees believe that there is a need to have a steady income to help with these costs. We would like you to consider giving a regular £2 per month donation to **The Trust**, payable direct from your bank by a Standing Order. You can modify the attached form to give more if you want, just cross out the Two Pounds and write in the amount you wish to give per month, marked by * on the form. Note if you are a tax payer then you can make this Gift Aid, the Trust get another 28% from the Inland Revenue.

Supporters receive frequent news updates, and will be able to come along on some of our passenger trips. Our newsletter is issued every few months. Trust supporters are key to the successful operation of Consuta. Many volunteers from our supporters are helping run and maintain Consuta, and you are very welcome to help with this work as well.

If you wish to support the Trust please, fill in the Standing Order form overleaf and return this to:- Derek Brown, Wingfield, Wood Lane, Kidmore End, Reading, RG4 9BE.

If you would like to actively help with the crewing and/or maintenance of Consuta please tick the box on the form.

Any general questions please contact Brian Smith 01488 658795
