

The Consuta Trust

Objects

"The advancement of education in the history of steam launches by preservation, maintenance, and exhibition of the steam launch Consuta".

Consuta approaching Henley Bridge, November 2001

Consuta was restored to working condition during 2001, concluding with successful steam trials in the late Autumn, Consuta is now fully operational.

The Trust have over 100 supporters who have either given donations and/or provide voluntary work effort. By displaying Consuta at various River Thames Regattas, the Trustees are hoping to raise sufficient funds to cover the annual running costs; such as insurance, license fees, fuel costs, moorings, and maintenance.

The Trustees believe that there is a need to have a steady income to help with these costs. We would like you to consider giving a regular monthly donation to **The Trust**, payable direct from your bank by a Standing Order. You can make this whatever you wish just put your monthly donation in the place marked by the * on the form.

Supporters receive frequent news updates, and will be able to come along on some of our passenger trips. Our newsletter is issued every few months. Trust supporters are key to the successful operation of Consuta. Many volunteers from our supporters are helping run and maintain Consuta, and you are very welcome to help with this work as well.

If you wish to support the Trust please, fill in the SO overleaf and return this to our treasurer:- Mr. Mark Smith 19 Mill Bank, Kintbury, Hungerford, RG17 9UW

If you would like to actively help with the crewing and/or maintenance of Consuta please tick the box on the form.

Any general questions please contact Brian Smith 01488 658795
